### TERMS & CONDITIONS

#### General

Credit card surcharges apply. Some services may be cancelled or modified as a result of weather/tidal conditions or unforeseen circumstances. Cancellation fees may apply. Cancellation fees apply to no-shows and dive courses/trips cancelled with less than 24 hours prior notice.

#### Diving

All diving is subject to completion of a medical questionnaire. Certain medical conditions may exclude individuals from diving. Please check when booking.

The minimum age to scuba dive in the ocean is 10 years old with parent/guardian permission required.

The minimum age for PADI Bubblemaker/ Seal Team is 8 years old.

Certified Divers must produce their certification card. After diving, intervals of 12-24 hours are recommended prior to flying, depending on the depths of dives and accrued dive time.

# Karibu Diani

Diani offers some of the best diving in Kenya and a half day Diani dive trip is a must for any visitor here. Popular local marine life includes green and hawksbill turtles, common coral reef life including triggerfish, moray eels, nudibranchs, clown fish, surgeonfish, moorish idols, guitar rays, stingrays, dolphins and even the giant manta rays and whale sharks at certain times of the year. Diani dive sites include fringing coral reefs and pinnacles starting from about 7m down to 25m. There is wall diving, and also a purpose sunk shipwreck for advanced divers to visit.

## Dive Courses

### PADI Discover Scuba Diving

After a short briefing and pool session when you are introduced to the basic diving skills, you embark on 2 ocean dives up to 12m deep under the direct supervision of an Ocean Tribe PADI Instructor. The dives from your PADI Discover Scuba Diving experience can also then be credited towards the PADI Scuba Diver or PADI Open Water Diver courses, meaning you have already got a head start on your certification.

### PADI Scuba Diver Course

If you are unsure about diving and want to take each certification step by step, or always want to dive under the supervision of a PADI pro, then the PADI Scuba Diver rating might be for you. It qualifies you to dive to 12m deep under supervision in conditions similar or better. The PADI Scuba Diver rating can be completed over a couple of days when done with the PADI eLearning option. You will spend a few hours in the pool getting comfortable with your dive skills then the 2 ocean dives are completed in one day on the boat.

### Guided Snorkel Trips

For those of you who do not wish to scuba dive we offer guided snorkelling trips to local coral gardens inside the main reef in Diani. Your Ocean Tribe dive guides will point out interesting marine life and give you a safe fun introduction to the underwater world.

### Dolphin Safari

Ocean Tribe dolphin-watching safaris in Diani give everyone the opportunity to see dolphins, up-close and personal in their natural environment.

This is a completely different opportunity to those who have seen them in dolphinariums and theme parks such as SeaWorld. These are tiny swimming pools where the dolphins are expected to perform circus tricks in exchange for small fish scraps.

### Kids Scuba Diving

Both the PADI Bubblemaker Scuba Diving Experience and the PADI Seal Team program are conducted in a swimming pool or sea site with swimming pool-like conditions for a safe exciting environment for the children to breath off the scuba gear

### PADI Open Water Diver Course

More people become scuba divers in this way than any other. Once you have the Open Water Certification you can use the dive license to go diving with a buddy anywhere in the world. At the end of the course you will be qualified to dive with a buddy to a depth of 18m. Your first scuba diving certification card.

The PADI Open Water Diver rating can be completed over 3-4 days when done with the PADI eLearning option. You will spend a few hours in the pool getting comfortable with your dive skills then the 4 ocean dives are completed over 2 mornings on the boat.

### PADI Advanced Open Water Diver Course

The PADI Advanced Open Water Diver course is where you can begin to take part in dives that interest you and increase your depth range as a diver. On the course you will do 5 introductory dives from PADI specialty dives of your choice (permitted by local diving conditions). At the end of the course you will be qualified to dive with a buddy to a depth of 30m. Your first advanced scuba diving certification card.
