### TERMS & CONDITIONS

#### General

Credit card surcharges apply. Some services may be cancelled or modified as a result of weather/tidal conditions or unforeseen circumstances. Cancellation fees may apply. Cancellation fees apply to no-shows and dive courses/trips cancelled with less than 24 hours prior notice.

#### Diving

All diving is subject to completion of a medical questionnaire. Certain medical conditions may exclude individuals from diving. Please check when booking.

The minimum age to scuba dive in the ocean is 10 years old with parent/guardian permission required.

The minimum age for PADI Bubblemaker/ Seal Team is 8 years old.

Certified Divers must produce their certification card. After diving, intervals of 12-24 hours are recommended prior to flying, depending on the depths of dives and accrued dive time.

# KIDS SCUBA DIVING

*With Kenya's Best*

**OceanTribe**  
KENYA

# Kids Diving Programs

The PADI Seal Team and PADI Bubblemaker programs are run by Ocean Tribe at our Diani Beach dive bases to give children younger than 10 the chance to experience the wonder of scuba diving and prepare them to enter junior scuba diving certification courses when they turn 10 years old.

Both the PADI Bubblemaker Scuba Diving Experience and the PADI Seal Team program are conducted in a swimming pool or sea site with swimming pool-like conditions for a safe exciting environment for the children to breath off the scuba apparatus.

# Junior Diving Courses

## PADI JUNIOR OPEN WATER DIVER

**For ages 10+ years.** The PADI Junior Open Water Course is the world's most popular scuba course, and has introduced millions of people to the adventurous diving lifestyle. You breathe underwater for the first time (something you'll never forget) and learn what you need to know to become a certified diver. During the course, you'll make at least five pool dives and four dives at dive sites in the Indian Ocean under the supervision of your Ocean Tribe PADI Instructor.

**The rating can be automatically upgraded to full Open Water certification when the diver reaches 15 years old.**

## PADI BUBBLEMAKER

**For ages 8+ years.** The PADI Bubblemaker program introduces children to scuba equipment and gives them the chance to experience what it is like to scuba dive in the confines of a swimming pool under the direct supervision of a PADI Instructor.

## PADI SEAL TEAM

**For ages 8+ years.** The PADI Seal Team is for young scuba divers who are looking for action-packed fun in a pool by completing exciting AquaMissions. Have you ever wondered what it's like to dive with flashlights, take digital pictures underwater or float effortlessly like an astronaut?

Beyond learning basic scuba skills, there are specialty AquaMissions, such as wreck diving, navigation, buoyancy, environmental awareness and more. PADI Seal Team includes doing some cool stuff in the pool, meeting friends and sharing in the adventure of the underwater world.

To join the PADI Seal Team, a child must be 8 years of age or older. No prior experience with scuba diving is necessary, but kids should be comfortable in the water. Parental approval is required.

## PADI JUNIOR ADVANCED OPEN WATER DIVER

**For ages 12+ years.** The PADI Junior Advanced Open Water Diver course builds on what you learned on the Open Water course, introducing new skills and extending the depth range to which you are permitted to dive. Unlike the Open Water course there is no confined water diving or classroom sessions, you are straight onto the boat in Mombasa Marine Park after some independent study in your manual and diving. You must complete 5 adventure dives and the matching knowledge reviews in the PADI Adventures in Diving Manual to qualify as an Advanced Open Water Diver.

## PADI JUNIOR RESCUE DIVER

**For ages 12+ years.** It is time for "Serious Fun." Do you see yourself as a caring person and want to be able to help people. The PADI Rescue Diver course teaches you the fundamental knowledge and skills to effectively assist a fellow diver in distress, co-ordinate dive accident scenario management and render appropriate first aid to a victim when necessary. The course takes three days to complete and follows on from the basic primary and secondary care training that you receive on the Emergency First Response course, which should be done prior to commencing a PADI Rescue Diver course.
